

Spray On And Wipe Off! It's That Easy!

What is Fükken Wax?

Fükken Wax is a high performance Euro-Style cleaning wax in an aerosol can. It will not only clean & wax your vehicle, but also remove grease, tar, bugs, mildew, road grime, light

scratches and tree sap...FAST!!! Fükken Wax removes oxidation and restores faded paint. Fükken Wax contains no silicones, teflons, or CFCs (chlorofluorocarbons) which are harmful to the environment. Fükken Wax is also clear coat and gel coat safe.

How Many Cleanings Per Can?

That depends on YOU and the size of your vehicle. The first time

you use the product, on an average size vehicle, you'll get two or three cleanings. This is because you have to "establish" the wax on your vehicle. As you learn the wonders of Fükken Wax and how to get the look you desire, the amount of cleanings per can will increase to approx 3 for large vehicles all the way up to six cleanings for small vehicles.

How Is It Applied?

It's really simple. First park your vehicle in a shaded area, out of wind, if possible. If needed, rinse any heavy excess dirt, Shake can well before using. Use two terry cloth towels. Spray a light coat of Fükken Wax on a small section of your vehicle. a 2 or 3 foot square area is recommended. Using the first towel, gently rub Fükken Wax in a circular motion. Allow approx. 15 seconds for Fükken Wax to dry to light filmy haze. Using the second towel, wipe/ buff to a showroom shine, turning towel frequently to avoid build-up. *NOTE*- FOR faded paints, bugs, tar, tree sap, etc. apply a heavier coat of Fükken Wax, and let stand for 10 seconds to allow product to remove substance(s) from surface before rubbing.

How Long Does Fükken Wax Last?

On Average Fükken Wax will last 8 to 10 weeks, depending on weather and driving conditions.

Does Fükken Wax harm or scratch paint?

The answer is NO! Fükken Wax is a combination of petroleum distillates and cleaning solvents formulated to surround, lubricate, emulsify and lift dirt or dust particles away from the surface of the vehicle. Add the durability of Carnauba Wax, and you will have a vehicle with the deep color and "wet look" that is the envy of the neighborhood.

What Can Fükken Wax Be Used On?

Fükken Wax can be used on any painted and non-porous surface. This versatility allows Fükken Wax to work on virtually every outside surface of your vehicle. Use it on windows, mirrors, chrome, aluminum, hard rubber, smooth plastics, fiberglass, and much much more! With so many uses it's easy to see why you'll find people using Fükken Wax on their cars, trucks, vans, boats, RV's, motorcycles, airplanes and the list goes on.
